

Kansas Turfgrass Foundation Membership Dues

Your membership dues help support the cost of printing and mailing of the KTF newsletters, fliers, bulletins, etc. Your dues also support turfgrass research and education (conferences, field days, printed materials).

As a member you have an opportunity to vote, hold office, and help make decisions in the functioning of the organization. You will also receive newsletters and special mailings. Membership improves your image as a professional. Hopefully, you will want to support your profession.

Please write clearly below the name of the individual you want listed as the person representing the company paying 2009 dues (\$50) with mailing address, phone number, fax number, and e-mail for use in the directory. **Please make sure to include your e-mail address so you can receive newsletters electronically and special announcements.**

If there is anything we can do to make the organization more beneficial to you, please let me or any of the board members know. Your membership and support is appreciated!

Jack Fry
Secretary-Treasurer
